

D:/Progetti/TTK4155
/Node2/Node2/ADC.h

```
graph TD; A[D:/Progetti/TTK4155/Node2/Node2/ADC.h] --> B[stdio.h]; A --> C[sam.h];
```

The diagram illustrates a file dependency or include relationship. A central box at the top contains the file path 'D:/Progetti/TTK4155/Node2/Node2/ADC.h'. Two blue arrows originate from the bottom of this box, pointing downwards to two separate boxes below. The left box contains 'stdio.h' and the right box contains 'sam.h'. This suggests that the file 'ADC.h' includes or depends on both 'stdio.h' and 'sam.h'.

stdio.h

sam.h
